

Hafez Persian Language School

Homework policy

A responsible and punctual attitude towards the homework requirements is expected to be shown by all students at Hafez School at all times

Works set is appropriate to the age and ability of each student; they are required to complete their tasks punctually and to the best of their ability. This will be done promptly and in a conscientious manner, indicating ideas for improvement and progress where necessary.

Behaviour on the part of anyone in the school environment that limits the ability of others to develop freely will be forbidden.

The school will create an environment that is disciplined and supportive to everyone. Individual support will be given to those students whose performance has remained low.

Parents will be informed of any problems that may arise with their child.

Parents **must** use their best ability to ensure that their child is committed to doing their homework on time with their best performance.

All students **must** have their notebook all the time for the communication between parents and school. They are responsible to write down all their required homework, and parents are responsible to sign when the work is done. Teachers will use the notebook to inform parents in case of any problem or any progress.

Parents are responsible for updating themselves of the latest news from the school website.

Despite the commitment to good behaviour and a responsible manner that is expected from all students, it is recognised that there will occasionally be a need for staff to detain the student (for more information please refer to the detention policy. You can find it on the school website at www.hafezpersianschool.co.uk)

Break time Detention

Those students who have not done their homework properly, or whose work presentation is poor are required to do their work during the break in silence within 15 minutes. Students will be required to complete their work at home and they may also be required to do extra work.
